### REMARKS

Applicants have amended the paragraph [0021] to specifically identify the SEQ ID NO:

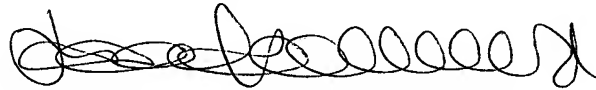

1. This amendment is merely clerical to identify the oligonucleotide sequence as the one submitted in the Sequence Listing accompanying this submission. Therefore the amendment does not introduce new matter and its entry is respectfully requested.

Applicants have amended the paragraph [0025] to refer to FIG 6 instead to FIGS 6A-H. Figure 6 was correctly submitted with the application. However, the figure legend inadvertently referred to multiple figures. Therefore, this amendment is a mere clerical amendment and does not introduce new matter and thus its entry is respectfully requested.

In view of the foregoing, Applicants submit that all claims are in condition for early and favorable allowance. Early and favorable action is requested.

Respectfully submitted,

Date: 12/29/2003
